Comparative Expenses of State Railroad Commissioners.

DEMOCRATIC VS. REPUBLICAN.

Louisville Commercial.

One of the Goebel speakers has tried to avoid the Republican state Administration for the increase of 10 cents in the rate of State taxation, either ignorantly or dishonestly.

How has this been done is illustrated by the following figures of the expense accounts of its present. Here is the way Mr. Croy Woodson and Mr. McChord and Mr. Poyntz accumulated expenses:

THE YOUNG MEN.

What the Maysville Y. M. C. A. Is Doing For Their Retirement.

She Will Be at the Opera-House Saturday Afternoon and Evening.

Frederic Murphy is a name that in recent years has become associated in the minds of patrons of the drama with all that is ideal in modern art of attainment, and much that is perfect in point of achievement. This promising young actor, who after a number of years of what may be aptly termed apprenticeship in Julia Marlowe's company, playing in the beginning the many roles of less importance that fell to his lot with a care and intelligence that won for him not only the warmest praise of the critics, but also the entire admiration and regard of his maskers, progressed step by step until as a final acknowledgment of his matured ability was last season placed in the prominent position of leading man to his famous star, Mrs. Murphy has this season cast his lot in new fields and is supporting Miss Marie Lanour in Wilfred Clarke's successful farce, "A Wise Woman."

Mr. Clarke's play has the record of scoring heavily at the Strand Theater, London, where it ran for 228 nights to capacity houses, rejuvenating the crippled fortunes of that historic playhouse. Mr. Murphy is said to have a part in "A Wise Woman," which gives his well-known ability a splendid scope, and it would not be like him if he did not take advantage to the fullest degree of such an opportunity. "A Wise Woman" with Miss Lanour in the title role, supported by Mr. Murphy and a strong cast throughout will be the attraction at the Washington Opera-house next Saturday, matinee and night. Reserved seats now on sale at Nelson's.

WHAT IT MEANS.

Goebelism Will Muzzle the Press and Free Speech if Given Power.

How a Democrat Looks at It.

Democrat's Advocate.

The refusal of the managers of Mr. Bryan's Kentucky tour to permit representatives of the Louisville Dispatch and the Louisville Post to travel on the special train although the privilege has been extended to other representative papers which applied for it, is a bad policy. The Dispatch and Post may have great views, and perhaps are not desecrating any favors at the hands of the Democratic party, at the same time it is impossible to prevent the presence of their representatives at the speaking. They will have reports of Mr. Bryan's utterances and just as full accounts of his tour as they would have if they were accorded the courtesy extended to others. It would have been wiser to have treated them as newspapers and not personal enemies and thus influence them to do both the speaker and the Democratic party justice. As it is they will be on the lookout for every incident that can be used to the disadvantage of the Democratic ticket and will make the most of it.

The action of the managers toward these papers is the best advertisement they could have had. It has excited the curiosity of the public and every one who will want to read their accounts of Mr. Bryan's tour.

Mr. John Luman has resumed his run on the Maysville Street Railway after an illness of several weeks.
